HAND DELIVERY

James J. McNulty, Secretary
Commonwealth of Pennsylvania
Public Utility Commission
Commonwealth Keystone Building
400 North Street, Second Floor North
Harrisburg, PA 17120

Re: In Re: Application of PPL Electric Utilities Corporation For Approval of the Siting and Reconstruction of the Proposed Coopersburg #1 and #2 138/69 kV Tap in Upper Saucon Township, Lehigh County and Springfield and Richland Townships, Bucks County, Pennsylvania - Docket No. A-2008-2022941

Dear Secretary McNulty:

Enclosed for filing with the Commission are an original and nine (9) copies of the Brief of David N. Clark in connection with the above-captioned proceeding and the related proceedings docketed at A-2008-2038262, A-2008-2039124, A-2008-2039126, A-2008-2039129, A-2008-2039130, A-2008-2039132, A-2008-2039133, and A-2008-2039137. As noted in the Certificate of Service, all parties, as well as Administrative Law Judge Angela T. Jones, have been served with a copy of the Brief.

Sincerely,

Louis B. Kupperman

MAIN BRIEF OF DAVID N. CLARK

I. INTRODUCTION

David N. Clark, an active party in these proceedings, submits this Brief in opposition to the Applications of PPL Electric for Approval of the Siting and Reconstruction of the Proposed Coopersburg #1 and #2 138/69 kV Tap in Upper Saucon Township, Lehigh County, and Springfield and Richland Townships, Bucks County, Pennsylvania, and to exercise the Power of Eminent Domain to acquire a Right-of-Way and Easement for the construction, operation and

maintenance of the proposed Coopersburg #1 and #2 138/69 kV Tap over and across the Lands of David N. Clark in Richland Township, Bucks County, Pennsylvania.

To avoid repetition, Mr. Clark incorporates herein, adopts, and makes a part hereof in their entirety, the positions, points and arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling as filed in these proceedings.

Unless otherwise defined, capitalized terms used herein have the meanings ascribed to them in the Glossary of Terms appended hereto as Appendix A.

II. STATEMENT OF THE QUESTIONS

Whether the Coopersburg Tap Project should be approved for siting along the Cross Country Corridor and the lands of David N. Clark?

Suggested answer: No.

III. SUMMARY OF THE ARGUMENT

PPL Electric has failed to carry its burden of proof necessary for Commission approval of the siting, construction and operation of the Coopersburg Tap Project within the Cross Country Corridor and over the lands of David N. Clark.

IV. APPLICATION FOR TRANSMISSION LINE & SUBSTATION

A. LEGAL STANDARDS

The standards applicable to PPL Electric's proposed Coopersburg Tap Project are set forth in Subchapter G of the Regulations of the Public Utility Commission, 52 Pa. Code § 57.71, et seq.

B. NEED FOR THE PROPOSED FACILITIES

1. The Need for the Transmission Line

David N. Clark does not contest the need for the transmission line.

2. The Need for the Coopersburg Tap Substation

While David N. Clark opposes PPL Electric's preferred Cross Country Corridor for the Coopersburg Tap Project, David N. Clark does not contest the need for a Coopersburg Tap Substation.

C. TRANSMISSION LINE SITING AND ROUTE SELECTION

1. PPL Cross Country Line

a) Description

David N. Clark hereby incorporates by reference and adopts the description of the PPL Cross Country Line set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

b) Engineering and Technical Considerations

David N. Clark hereby incorporates by reference and adopts the Engineering and Technical Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

c) Cost Consideration

David N. Clark hereby incorporates by reference and adopts the Cost Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

d) Real Estate Interest and Right-of-Way

David N. Clark is the fee simple owner of the lands located at 1110 California Road, Richland Township, Bucks County, Pennsylvania. PPL Electric proposes to acquire a Right-of-Way as part of its preferred Cross Country Corridor over the Clark lands.

e) Environmental Impact

i. Wetlands and Vegetation

The Clark Property consists of just over 34 acres of land containing a historic stone house, barn and spring house, all of which are over 200 years old, and a spring-fed pond. The Property is heavily forested and contains considerable wetlands. It is traversed by the Tohickon Creek, as well as several tributaries and springs flowing from the Tohickon. Clark Statement No. 1, page, 1, lines 8-12.

Mr. Clark acquired the Property in November 2004, for the purpose of restoring its historic structures, preserving its eco-systems and habitats, and providing his heirs with the heritage of a rare, unique and pristine piece of Bucks County land the Clark family is attempting to preserve for future generations. Clark Statement No. 1, page 1, lines 14, 16-19. The Clark property is deed restricted, cannot be subdivided or put to any commercial or industrial use. Further, the Property is required by deed restriction to be protected by the use of good forestry practices, and there cannot be any clear cutting or timber harvesting practices engaged in on the Property. In addition, any construction activities on the Property must be limited and consistent with the purposes and goals of preserving woodlands, the spring-fed pond, and open space for the protection of wildlife. Finally, the Property has a restrictive covenant with Bucks County under Act 515 which binds all owners of the Property to conserve the natural and scenic resources of the Property to enhance the abutting and neighboring forests, wildlife preserves and nature reservations, and to preserve the land for botanic interests. Clark Statement No. 1, page 2, lines 12-23; page 3, lines 1-4.

As testified to by Mr. Clark, PPL Electric's preferred Cross Country Corridor will devastate the Clark land and destroy the unique and fragile habitat that presently exists there. Clark Statement No. 1, p. 3, lines 22-23.

.As confirmed by PPL Electric's representatives during the site inspection conducted on August 12, 2008, PPL Electric's preferred Cross Country Corridor will require it to cross the

Tohickon Creek on the Clark Property and clear a swath 100 feet wide and over 1000 feet in length across the Property. This will require the cutting down of over 1000 trees, and the construction by PPL Electric of access roads throughout the proposed Right-of-Way. The access roads will have to be bulldozed across the Tohickon Creek and through the wetlands on the Property and will destroy the habitat existing in that area. After the initial clear cutting and access road bulldozing of the Right-of-Way are accomplished, PPL Electric intends to keep the Right-of-Way clear of vegetation and trees that could interfere with the lines or access to the towers. Such future clearing will be accomplished by machines and the use of herbicides. In addition, PPL will be utilizing heavy equipment, including bulldozers, cranes and trucks, to initially clear the ground, construct the access roads and install the towers and lines, and will thereafter utilize heavy trucks and other equipment to inspect, maintain and prepare the lines after they are built. These activities will result in the destruction and loss of the forest, wetlands and habitat that exists on the Clark Property. Clark's Statement No. 1, page 4, lines 2-23.

There are approximately two acres of wetlands on the Clark Property, representing over 40% of all of the wetlands identified in PPL Electric's Application. Exhibit B to Clark's Statement No. 2 (Expert Report of Mark Gallagher) at 2.

ii. Habitat and Wildlife

The foregoing paragraph under (i) Wetlands and Vegetation, above, is incorporated herein by reference.

iii. Agricultural Land Use

David N. Clark hereby incorporates by reference and adopts the Agricultural Land Use arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iv. PPL Impact Minimization Efforts

PPL Electric's submission fails to discuss and evaluate the impacts to forest and wetland resources on the Clark Property, as well as the impacts to the natural resources of the Commonwealth of Pennsylvania. Exhibit B to Clark's Statement No. 2 (Expert Report of Mark Gallagher) at 4. Indeed, PPL Electric's preferred Cross Country Corridor exemplifies a lack of environmental sensitivity and understanding, and the location of the proposed Cross Country Corridor on the Clark Property has the greatest degree of adverse environmental impacts compared with the alternative routes available for the proposed Coopersburg Tap Project. *Id.*, at 15.

v. Other Issues (e.g. Impact on Historical and Archeological Resources)

David N. Clark hereby incorporates by reference and adopts the Other Issues arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

f) Health and Safety

i. National Electric Safety Code Compliance

David N. Clark hereby incorporates by reference and adopts the National Electric Safety Code Compliance arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

ii. Electric and Magnetic Fields ("EMFs")

David N. Clark hereby incorporates by reference and adopts the Electric and Magnetic Fields arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iii. Use of Herbicides

The use of herbicides to clear the proposed Right-of-Way on the Clark Property has been admitted by PPL Electric. By way of further argument, David N. Clark hereby incorporates by reference and adopts the Use of Herbicides arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

2. Route 309

a) Description

David N. Clark hereby incorporates by reference and adopts the description set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

b) Engineering and Technical Consideration

David N. Clark hereby incorporates by reference and adopts the Engineering and Technical Consideration arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

c) Cost Considerations

David N. Clark hereby incorporates by reference and adopts Cost Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

d) Real Estate Interest and Right-of-Way

David N. Clark hereby incorporates by reference and adopts the Real Estate Interest and Right-of-Way arguments in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

e) Environmental Impact

David N. Clark hereby incorporates by reference and adopts the Environmental Impact arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

i. Wetlands and Vegetation

David N. Clark hereby incorporates by reference and adopts the Wetlands and Vegetation arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

ii. Habitat and Wildlife

David N. Clark hereby incorporates by reference and adopts the Habitat and Wildlife arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iii. Agricultural Land Use

David N. Clark hereby incorporates by reference and adopts the Agricultural Land Use arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iv. PPL Impact Minimization Efforts

David N. Clark hereby incorporates by reference and adopts the PPL Impact Minimization Efforts arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

v. Other Issues (e.g. Impact on Historical and Archeological Resources)

David N. Clark hereby incorporates by reference and adopts the Other Issues arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

f. Health and Safety

i. National Electric Safety Code Compliance

David N. Clark hereby incorporates by reference and adopts the National Electric Safety Code Compliance arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

ii. Electric and Magnetic Fields (“EMFs”)

David N. Clark hereby incorporates by reference and adopts the Electric and Magnetic Fields arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iii. Use of Herbicides

David N. Clark hereby incorporates by reference and adopts the Use of Herbicides arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

3. SEPTA Rail Corridor

a) Description

David N. Clark hereby incorporates by reference and adopts the Description set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

b) Engineering and Technical Considerations

David N. Clark hereby incorporates by reference and adopts the Engineering and Technical Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

c) Cost Considerations

David N. Clark hereby incorporates by reference and adopts the Cost Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

d) Real Estate Interest and Right-of-Way

David N. Clark hereby incorporates by reference and adopts the Real Estate Interest and Right-of-Way arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

e) Environmental Impact

David N. Clark hereby incorporates by reference and adopts the Environmental Impact arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

i. Wetlands and Vegetation

David N. Clark hereby incorporates by reference and adopts the Wetlands and Vegetation arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

ii. Habitat and Wildlife

David N. Clark hereby incorporates by reference and adopts the Habitat and Wildlife arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iii. Agricultural Land Use

David N. Clark hereby incorporates by reference and adopts the Agricultural Land Use arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iv. PPL Impact Minimization Efforts

David N. Clark hereby incorporates by reference and adopts the PPL Impact Minimization Efforts arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

v. Other Issues (E.g. Impact on Historical and Archeological Resources)

David N. Clark hereby incorporates by reference and adopts the Other Issues arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

f) Health and Safety

David N. Clark hereby incorporates by reference and adopts the Health and Safety arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

i. National Electric Safety Code Compliance

David N. Clark hereby incorporates by reference and adopts the National Electric Safety Code Compliance arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

ii. Electric and Magnetic Fields (“EMFs”)

David N. Clark hereby incorporates by reference and adopts the Electric and Magnetic Fields arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

iii. Use of Herbicides

David N. Clark hereby incorporates by reference and adopts the Use of Herbicides arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

4. SPRINGFIELD FUNCTIONAL ROUTE

a) Description

David N. Clark hereby incorporates by reference and adopts the Description set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

b) Engineering and Technical Considerations

David N. Clark hereby incorporates by reference and adopts the Engineering and Technical Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

c) Cost Considerations

David N. Clark hereby incorporates by reference and adopts the Cost Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

d) Real Estate Interest and Right-of-Way

David N. Clark hereby incorporates by reference and adopts the Real Estate Interest and Right-of-Way arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

e) Environmental Impact

David N. Clark hereby incorporates by reference and adopts the Environmental Impact arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

vi. Wetlands and Vegetation

David N. Clark hereby incorporates by reference and adopts the Wetlands and Vegetation arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

vii. Habitat and Wildlife

David N. Clark hereby incorporates by reference and adopts the Habitat and Wildlife arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

viii. Agricultural Land Use

David N. Clark hereby incorporates by reference and adopts the Agricultural Land Use arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

ix. PPL Impact Minimization Efforts

David N. Clark hereby incorporates by reference and adopts the PPL Impact Minimization Efforts arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

x. Other Issues (e.g. Impact on Historical and Archeological Resources)

David N. Clark hereby incorporates by reference and adopts the Other Issues arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

f) Health and Safety

iv. National Electric Safety Code Compliance

David N. Clark hereby incorporates by reference and adopts the National Electric Safety Code Compliance arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

v. Electric and Magnetic Fields (“EMFs”)

David N. Clark hereby incorporates by reference and adopts the Electric and Magnetic Fields arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

vi. Use of Herbicides

David N. Clark hereby incorporates by reference and adopts the Use of Herbicides arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

D. PROPOSED CONFIGURATIONS RE: SUBSTATION

1. COOPERSBURG TAP

David N. Clark hereby incorporates by reference and adopts the Coopersburg Tap arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

a. Description

David N. Clark hereby incorporates by reference and adopts the Description set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

b. Engineering and Technical Considerations

David N. Clark hereby incorporates by reference and adopts the Engineering and Technical Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

c. Cost Considerations

David N. Clark hereby incorporates by reference and adopts the Cost Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

d. Real Estate Interest and Right-of-Way

David N. Clark hereby incorporates by reference and adopts the Real Estate Interest and Right-of-Way arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

e. Environmental Impact

David N. Clark hereby incorporates by reference and adopts the Environmental Impact arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

1) Wetlands and Vegetation

David N. Clark hereby incorporates by reference and adopts the Wetlands and Vegetation arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

2) Plant and Wildlife Habitat

David N. Clark hereby incorporates by reference and adopts the Plant and Wildlife Habitat arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

3) Agricultural Land Use

David N. Clark hereby incorporates by reference and adopts the Agricultural Land Use arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

4) PPL Impact Minimization Efforts

David N. Clark hereby incorporates by reference and adopts the PPL Impact Minimization Efforts arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

5) Other Issues (e.g. Impact on Historical and Archeological Resources)

David N. Clark hereby incorporates by reference and adopts the Other Issues arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

f. Health and Safety

1) National Electric Safety Code Compliance

David N. Clark hereby incorporates by reference and adopts the National Electric Safety Code Compliance arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

2) Electric and Magnetic Fields (“EMFs”)

David N. Clark hereby incorporates by reference and adopts the Electric and Magnetic Fields arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

3) Use of Herbicides

David N. Clark hereby incorporates by reference and adopts the Use of Herbicides arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

2. SPRINGFIELD FUNCTIONAL CONFIGURATION

a. Description

David N. Clark hereby incorporates by reference and adopts the Description set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

b. Engineering and Technical Considerations

David N. Clark hereby incorporates by reference and adopts the Engineering and Technical Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

c. Cost Considerations

David N. Clark hereby incorporates by reference and adopts the Cost Considerations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

d. Real Estate Interest and Right-of-Way

David N. Clark hereby incorporates by reference and adopts the Real Estate Interest and Right-of-Way arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

e. Environmental Impact

David N. Clark hereby incorporates by reference and adopts the Environmental Impact arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

1) Wetlands and Vegetation

David N. Clark hereby incorporates by reference and adopts the Wetlands and Vegetation arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

2) Plant and Wildlife Habitat

David N. Clark hereby incorporates by reference and adopts the Plant and Wildlife Habitat arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

3) Agricultural Land Use

David N. Clark hereby incorporates by reference and adopts the Agricultural Land Use arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

4) PPL Impact Minimization Efforts

David N. Clark hereby incorporates by reference and adopts the PPL Impact Minimization Efforts arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

5) Other Issues (e.g. Impact on Historical and Agricultural Resources)

David N. Clark hereby incorporates by reference and adopts the Other Issues arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

f. Health and Safety

1) National Electric Safety Code Compliance

David N. Clark hereby incorporates by reference and adopts the National Electric Safety Code Compliance arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

2) Electric and Magnetic Fields (“EMFs”)

David N. Clark hereby incorporates by reference and adopts the Electric and Magnetic Fields arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

3) Use of Herbicides

David N. Clark hereby incorporates by reference and adopts the Use of Herbicides arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

E. COMPLIANCE WITH APPLICABLE STATUTES AND REGULATIONS

David N. Clark hereby incorporates by reference and adopts the Compliance with Applicable Statutes and Regulations arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

V. **EMINENT DOMAIN**

A. LEGAL STANDARDS

David N. Clark hereby incorporates by reference and adopts the Legal Standards arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

B. NEED

David N. Clark hereby incorporates by reference and adopts the Needs analysis set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

VI. EXEMPTION FROM LOCAL ZONING

A. LEGAL STANDARD

David N. Clark hereby incorporates by reference and adopts the Legal Standard arguments set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

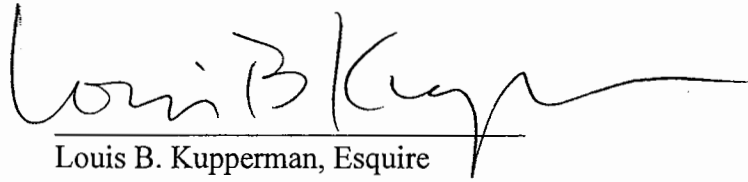

B. PPL'S REQUEST FOR EXEMPTION FROM LOCAL ZONING REGULATIONS

David N. Clark hereby incorporates by reference and adopts the arguments relating to PPL's Request for Exemption from Local Zoning Regulations set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling.

VII. CONCLUSION

For all of the foregoing reasons, as well as for the reasons set forth in the Briefs of Springfield Township, SEPTA and Senator Robert C. Wonderling which are incorporated herein, adopted, and made a part hereof in their entirety, PPL Electric's preferred Cross Country Corridor proposed for its Coopersburg Tap Project should be denied.

Respectfully submitted,
