

Springfield Township
Environmental Advisory Council

October 11th, 2018

- Convened Meeting at 7:39 pm
- Attendance: Lorna Yearwood, Arianne Elinich, Jim Gill, Sue Boyd, Barb Scattergood
- No Correspondence
 - Review of Minutes from September 2018
 - Lorna motions to approve September minutes
 - Barb and Jim second
 - All in favor
- No Public Comment
- No Council Member Agenda Additions
- Budget Meeting
 - E-Recycling was approved
- Adelphia Pipeline Update
 - Arianne shared a summary of the meeting with Adelphia representatives with the BOS
 - At the BOS meeting Supervisor Bedics explained she had discovered old Interstate Energy Co. files at the township building that cause her serious concerns about the pipeline
 - She motioned to have the township solicitor review the documents
 - None of the other supervisors were willing to second her motion
 - She stated these documents present the fact that Springfield Township was an intervener when this project was first proposed
- Tire Recycling
 - Trailer is here & Jim and Mike picked up tires from several vendors and will be picking up more
 - \$756 came in already from both tire fees and donations from several local businesses
 - Recognize the vendors in the Penny Power
 - A number of volunteers are coming to help
 - Get Equipment/Refreshments for volunteers
- Spotted Lanternfly
 - BoS request that the EAC gather more info on SLF and report back to the Bos on the issue in December
 - Jim Nilsen stated that the police were seen giving a ticket to someone without a SLF permit
 - Sue, Lorna and Arianne will be presenting info on SLF to a STEM class at Fireside Academy
 - Barb also spoke with someone at Springfield Elementary about bringing up the SLF issue with the Garden Club
- Peppermint Park

Vegetation Management issue remains at the park

Several new bird boxes have been put up and others still need to be addressed

There should be ten boxes but not all have been identified

- Township Building Garden

Memorial garden maintenance

The building and grounds committee is still being formulated

- Lower Delaware Wild and Scenic

Jim went to the Wild and Scenic meeting about arsenic in our region

There are concerns about the migration of arsenic within our acquirers

- EAC T-shirts/Caps

Look into prices for embroidered hats and tees

- Upcoming Events

Tire Recycling – Oct 13th

SLF Penn State Presentation @ Penn State Center Valley – Oct 15th

Roadside Cleanup – Nov 11th
